March 2023 Wrap Up

We can't believe that the first quarter of 2023 is already over. We are now well into Q2 and wanted to share a few articles with you from last month.

Free Webinar

Dewick & Associates' experienced team of technical writers and client coordinators are able to provide the full package collation and management of the HOTO process for Defence Construction projects including:

- HOTO (Handover / Takeover)
- Operating and Maintenance Manuals (O&M Manuals) / Builders' Manuals
- Spaces Plan Datasets
- As Constructed (As Installed / As Built) Drawings (Architectural, Structural, Services)
- Meta Data
- GEMS Data Loading (GDL)

We will be holding a webinar in two weeks time to help explain each element and show how we help.
