

CITY OF UNLEY GOODWOOD OVAL NEW GRANDSTAND

SERVICES O&M MANUALS

Project Introduction

Goodwood Oval is a key sporting hub located in the heart of the City of Unley. The oval provides facilities for Australian Rules football, in addition to cricket, tennis, hockey & public recreation. In 2020, the ageing grandstand was redeveloped utilising shared government & local sporting group funding. The new design aims to improve spectator viewing & is complemented by new amenities & a medical facility capable of accommodating up to four teams at once, in addition to new clubrooms & meeting rooms. The new design also includes a maintenance building to protect & store larger pieces of sporting equipment.

How D&A worked with the contracting team:

Services Provided

- **Mechanical, Electrical, Hydraulic Services O&M Manuals**
- Full **technical authoring** of the O&M manuals
- Liased with the services contractors to ensure current tech data was collated to enable **detailed bespoke documentation** to be provided
