# JASPER STAFF HOUSING CONSTRUCTION DUPLEX

## CURRENT ELECTRICAL SOLUTIONS

### Project Introduction

Parks Canada Agency (PCA) establishes national goals to protect federal heritage buildings & national historic sites, as well as developing policies, standards & guidelines, in consultation with other federal departments & agencies. PCA constructed a new two storey five-plex building & a two storey duplex building on Patricia Street, Jasper, Alberta to provide staff housing for the area. The new buildings are provided for park staff & employees to use as temporary accommodation when working in the region.

### How D&A worked with Current Electrical Solutions:

#### Services Provided:

- **Electrical Services O&M Manuals** in D&A format
- Full technical authoring for Electrical services package of works including:
  - Incoming Electrical Supply
  - General Lighting
  - Communications Systems
  - Fire Detection Systems
- Liased with the services contractor to ensure current tech data was collated to enable **detailed bespoke documentation** to be provided
- Provision of **Preventative Maintenance Log Sheets & Fault Finding** processes
