

STRATHALBYN AMBULANCE STATION

SERVICES O&M MANUALS

Project Introduction

As a rural community, located to the south of Adelaide on the Fleurieu Peninsula, proximity of emergency services is crucial to the residents of Strathalbyn & the surrounding areas.

The South Australian Government provided funding for a new purpose built Ambulance Station facilitating a 24 / 7 service including accommodation for up to twenty staff & space for four operational vehicles.

How D&A worked with the contracting team:

Services Provided
