## OPERATIONS & MAINTENANCE MANUALS

Dewick & Associates has streamlined the production of O&M Manuals using industry expertise, best practices, and client feedback. Our online portal, **nucleus**, provides full insight into the status of your projects, information provided and anything outstanding for a seamless experience. With over 10,000 O&M Manuals created, we've developed a process that requires minimal input from clients, saving you time and resources. Your dedicated Client Coordinator is always on hand to manage each project and provides personalised support.
